BIENNIAL REVIEW

The Drug Free Schools and Communities Act requires, as a condition of receiving any federal funding or other financial assistance, that an institution of higher education certify it has adopted and implemented a program to prevent the unlawful possession, use or distribution of illicit drugs and alcohol for students and employees on school premises and as part of its activities. Penn Commercial is in compliance with the Drug Free Schools and Communities Act and continues to conduct a biennial review on the effectiveness of its Drug and Alcohol Abuse Prevention Program. The biennial review determines the effectiveness of the DAAPP and if any changes to the program is warranted. Disciplinary sanctions imposed by the institution are analyzed to ensure that they are consistently enforced. A hard copy of the biennial report is maintained in the Campus Director's office and can be provided, as requested.

ALCOHOL AND OTHER DRUGS POLICY

Penn Commercial Business/Technical School is committed to freedom from illegal drugs, abuse of legal drugs, alcohol use on School property, as well as alcohol and drug use outside the School which adversely affects learning and student performance. In its effort efforts to safeguard the workplace, school property, and students from the effects of drug abuse, Penn Commercial strives to respect the privacy of students and employees while offering assistance towards helping those who have problems. Studies have shown that use of illegal drugs and abuse of alcohol increases the potential for accidents, absenteeism, tardiness, unsatisfactory performance, poor moral and neurological damage.

Penn Commercial has developed a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The program provides services related to drug use and abuse including dissemination of informational materials, educational presentations, counseling services, referrals, and school disciplinary actions.

AVAILABLE ASSISTANCE FOR ABUSE PROBLEMS

The Campus Director and the Director of Student Services provides an overall coordination of the Drug and Alcohol Abuse and Prevention Program. Penn Commercial is here to assist students and staff by providing referrals to community agencies and health care facilities and to assist faculty and students in their learning about the many aspects of alcohol and other drug consumption and their effects in the classroom and educational outcome. The Director of Student Services is responsible for the enforcement of Disciplinary procedures on campus. Referral to appropriate community agencies and drug and alcohol treatment facilities are provided. See the Resources Section of this document.

DRUG FREE SCHOOL

Penn Commercial is committed to protecting the safety, health and well-being of all students to ensure a drug and alcohol free learning environment. Penn Commercial prohibits the unlawful manufacture, distribution, dispensation, sale, possession or use of any drug by any of its students, employees in its workplace, on its premises or as part of any of its activities off campus. Penn Commercial recognizes that alcohol and drug use possesses a significant threat to student goals. In compliance with the Drug Free Schools and Communities Act of 1989, we have established a drug-free school program that balances our

respect for individuals with the need to maintain an alcohol and drug free environment. One of the goals of Penn Commercial Drug and Alcohol Abuse Prevention Program (DAAPP) is to encourage students to voluntarily seek help with alcohol and or drug problems. The Director of Student Services will work with student during this process, and a mandatory referral for treatment will be provided to the student as a requirement to return to class. Financial responsibility for recommended treatment belongs to the student. However, the ultimate decision to seek the recommended treatment belongs to the student. In addition, students found responsible for violating this policy are subject to suspension, termination, and/or the jurisdiction of the State of Pennsylvania as well as Federal Law. Penn Commercial reserves the right to require mandatory drug testing of any student who exhibits signs of being under the influence of alcohol or a controlled substance while attending classes or on Penn Commercial property. Students will be responsible for any costs associated with drug testing.

HEALTH RISKS

All drugs, including alcohol, can cause marked changes in behavior and have side effects. Their influences can affect the safety and well-being of the users as well as those around them.

Alcohol is a central nervous system depressant that is absorbed into the blood stream and transmitted to all parts of the body. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that a driver will be involved in an accident. Low to moderate doses reduce physical coordination and mental alertness, while increasing the incidence of aggressive behavior. Moderate to high doses of alcohol drastically impair an individual's ability to function, sometimes rendering a person unconscious. Long-term drinking of large quantities of alcohol can increase the risk of developing liver and heart disease, circulatory and stomach problems, various forms of cancer, and may cause irreversible brain damage.

Illicit drugs can interfere with important brain activities, including coordination, memory, and learning. They increase the risk of lung cancer, destroy liver cells, initiate severe weight loss, and may weaken the immune system. Users may also experience abdominal pain, nausea, vomiting, rapid heartbeat, and irregular breathing. Convulsions, coma, and death are also possible. Combining drugs can be fatal.

See Controlled Substances - Uses and Effects Appendix A for more information.

FINANCIAL AID IMPLICATIONS OF DRUG OFFENSES

Effective July 1, 2000, a conviction in a state or federal court for a drug-related offense may result in a student losing eligibility for federal financial aid. If you, the student, are convicted of a drug-related offense after you submit your FAFSA, you might lose eligibility for federal student aid, and you, the student, might be liable for returning any financial aid you received during a period of ineligibility. The period of ineligibility is dependent upon the type of conviction (sale or possession) and if there were previous offenses. If the student was convicted of both selling and possessing illegal drugs, they will be ineligible for the longer period.

VIOLATIONS OF THE SAFETY SECTION REGARDING ALCOHOL AND DRUGS - STUDENT CODE OF CONDUCT POLICY

Penn Commercial will impose disciplinary sanctions on faculty, staff, and students (consistent with local, state, and Federal laws described below) for violations of the DAAPP. Violations of the DAAPP will be referred to the Campus Director and the Director of Student Services for review, adjudication, and referral when appropriate. Disciplinary action may result from violations of this policy. All Penn Commercial students must follow the Student Code of Conduct as described herein and in the School Catalog while attending any Penn Commercial sponsored activity, class, or lab whether on campus or at an offsite field trip or externship.

DRUG-FREE WORKPLACE FOR EMPLOYEES

Purpose

Penn Commercial is committed to protecting the safety, health and well-being of all employees and individuals in our workplace. We recognize that alcohol and drug use pose a significant threat to our goals. We have established a drug-free workplace program that balances our respect for individuals with the need to maintain an alcohol and drug free environment.

Responsibilities

A safe and productive drug free workplace is achieved through cooperation and shared responsibility. Both employees and supervisors have important roles to play.

All employees are required to not report to work or be subject to duty while their ability to perform job duties is impaired due to on-or off-duty use of alcohol or other drugs. In addition, employees are encouraged to:

- Be concerned about working in a safe environment;
- Report dangerous behavior to their supervisor.

It is a supervisor's responsibility to:

- Inform employees of this policy;
- Investigate reports of dangerous practices;
- Document negative changes and problems in performance.

Communicating our Drug-Free Workplace Policy to both employees and supervisors is critical to our success. To ensure all employees are aware of their role in supporting this policy:

- All employees will receive a written copy of the policy;
- The policy will be reviewed in orientation sessions with new employees;
- Every supervisor will receive training to help him/her recognize and manage employees with alcohol and other drug problems.

To Whom Does This Policy Apply?

Any individual who conducts business for Penn Commercial, is applying for a position or is conducting business on Penn Commercial's property is covered by this policy. Penn Commercial's Drug-Free Workplace Policy is intended to apply whenever anyone is representing Penn Commercial or conducting business for Penn Commercial.

Prohibited Conduct

It is a violation of Penn Commercial's Drug-Free Workplace Policy to manufacture, use, possess, sell, trade, be under the influence of and/or offer for sale alcohol, illegal drugs or intoxicants while on Penn Commercial's property or while conducting business for Penn Commercial.

Employees taking prescribed medication under the direction of a physician are responsible for being aware of any effect such medication may have on the performance of their job duties and must promptly report to their immediate supervisor the use of any medication which might impair their ability to perform their job. Employees who are impaired due to such use which has not been reported will not be permitted to work and may be subject to discipline up to and including discharge. Any employee who is convicted of a criminal drug violation in the workplace must notify Penn Commercial in writing within five (5) calendar days of the conviction. Penn Commercial will take appropriate action within thirty (30) days of notification. Federal contracting agencies will be notified when appropriate. Entering Penn Commercial's property constitutes consent to searches and inspections. If an individual is suspected of violating the Drug-Free Workplace Policy, he/she may be asked to submit to a search or inspection at any time. Searches can be conducted of pockets and clothing; lockers, wallets, purses, briefcases and lunchboxes; desks and workstations; and vehicles. Participation in searches is a mandatory condition of employment.

Drug Testing

To ensure the accuracy and fairness of a testing program, all testing will be conducted according to DHHS/SAMHSA guidelines where applicable and will include a screening test; a confirmation test; the opportunity for a split sample; review by a Medical Review Officer, including the opportunity for employees who test positive to provide a legitimate medical explanation, such as a physician's prescription, for the positive result; and a documented chain of custody. All drug-testing information will be done at Med Express and will be maintained in separate confidential records. An employee will be subject to the same consequences of a positive test if he/she refuses the screening or the test, adulterates or dilutes the specimen, substitutes the specimen with that from another person or sends an imposter, refuses to sign the required forms or refuses to cooperate in the testing process in such a way that prevents completion of the test. Each employee, as a condition of employment, may be subject to reasonable suspicion drug and alcohol testing and random drug testing. The substances that will be tested for are

amphetamines, cannabinoids, cocaine, opiates, phencyclidine (PCP) and alcohol. Testing for the presence of alcohol will be conducted by analysis of breath. Testing for the presence of the metabolites of drugs will be conducted by the analysis of urine.

Consequences for Violating the Drug-Free Workplace Policy

Any employee who tests positive or who otherwise violates this policy will be discharged immediately. One of the goals of Penn Commercial's Drug-Free Workplace Policy is to encourage employees to voluntarily seek help with alcohol and/or drug problems through the Employee Assistance Program offered through the UPMC insurance plan. The phone number for assistance can be found on the back of the individual's provider card. If, however, an individual violates the policy, the consequences are serious. Treatment for alcoholism and/or other drug use disorders may be covered by the employee's health care benefit plan. However, the ultimate financial responsibility for recommended treatment belongs to the employee. Faculty and staff members may also be referred to the providers located in the resource section of this booklet and available county agencies.

Discipline Policy for Employees

Penn Commercial expects employees to maintain certain standards of performance, safety and conduct. Penn Commercial does not tolerate such behavior as stealing, dishonesty, insubordination, drinking alcoholic beverages during business hours, or use of a controlled substance during business hours. In addition, repeated tardiness, excessive absenteeism, and failure to comply with school policies are not acceptable. These examples are not all inclusive but are just a small sample of behavior that will not be tolerated by Penn Commercial.

Generally these standards are recognized and observed by faculty and staff members without any need for action by supervisors. Penn Commercial has the right to discipline employees who do not abide by these standards.

The following steps cover the normal pattern of discipline for employees:

- A written warning will be issued to the employee. This warning will contain a statement of the problem, what corrections are necessary, and the date by which the improvements should occur. The employee will be asked to sign the form indicating that he/she has read it. A copy will be placed in the employee's personnel file, and a copy will be given to the employee.
- If the performance problem reoccurs after the written warning, disciplinary action up to and including discharge may occur.
- Written warnings will be removed from an employee's personnel file after two (2) years of active employment if there have been no subsequent warnings.

Penn Commercial reserves the right to deviate from the above guidelines and immediately terminate or discipline any employee as it considers necessary in the individual circumstances. Serious infractions that may result in immediate dismissal include, but are not limited to, violations of the Confidentiality Policy, Attendance Policy, Cell Phones/Personal Cell Phone Use Policy, Anti-Discrimination/Anti-Harassment Policy or Drug-Free Workplace Policy, stealing, insubordination, dishonesty, fraud, or clear cases where conflict of interest has been violated.

Violations of Law

If a student or employee is charged with a violation of Federal, state, or local laws or regulations occurring away from the school, disciplinary action may be instituted and sanctions imposed against the student or employee when the school has a reasonable belief that the health, safety, or welfare of the Penn Commercial community is threatened. Disciplinary procedures may be instituted against a student or employee charged with violation of a law that is also a violation of the student and employee conduct policies. Proceedings under this policy may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-school premises. Penn Commercial will cooperate fully with law enforcement and other agencies in the enforcement of criminal laws on school property.

LOCAL, STATE AND FEDERAL SANCTIONS

The Drug-Free Schools and Communities Act

In 1989, the Federal government adopted the Drug-Free Schools and Communities Act. As a condition of receiving Federal grants, Penn Commercial must certify that it is in compliance with this law. This means that underage drinking is not only a violation of state law, but also a violation of school policy and will be sanctioned under Penn Commercial's student conduct system.

Pennsylvania and Federal Laws

All members of the Penn Commercial community must adhere to all applicable local, state, and federal laws related to the sale and use of alcoholic beverages and other drugs and controlled substances.

Policy on Alcoholic Beverages

Pennsylvania Act 31 governs all matters relating to alcohol. As a member of the Penn Commercial community, students, faculty, and staff are required to observe Pennsylvania law. No person under the age of 21 is permitted to purchase, consume, transport, or possess alcoholic beverages. Alcoholic beverages will be confiscated from students who are under 21 years of age. Failure to comply will result in further disciplinary action. Students, faculty and staff must abide by the terms of the policy. Furthermore, the Drug-Free Workplace Act of 1998 requires any employee to notify the Vice-President of Operations of any conviction under a criminal drug statute for violations occurring on or off campus premises while conducting Penn Commercial business. A report of the conviction must be made within five days following the conviction. Persons age 21 and over violate Pennsylvania law when they furnish alcohol to a minor. A fine of up to \$2,500.00, or imprisonment up to three months for failure to pay any fine, will be imposed. Repeat offenders will be fined at least \$300.00 and may be imprisoned for up to one year.

Policy on Illegal Drugs

Penn Commercial strictly adheres to the federal and state laws that prohibit the distribution, sale, or use of controlled substances. Students illegally possessing, distributing, or using any controlled substance or paraphernalia will be subject to immediate disciplinary action. Please note: the odor of marijuana is also grounds for disciplinary action.

LEGAL SANCTIONS - LAWS GOVERNING ALCOHOL AND DRUGS

Alcohol

Under Pennsylvania state law, a person less than 21 years of age may not purchase, consume, possess, or transport alcohol. Any person convicted of violating this law will have her/his driver's license suspended for ninety (90) days. A second offense will result in a one-year suspension of driving privileges and a fine up to \$500. Additionally, any person who intentionally provides alcohol to a person less than 21 years of age is guilty of a misdemeanor of the third degree, which carries a fine of at least \$1,000 for the first (1st) offense.

Pennsylvania state law allows a driver to be considered intoxicated and charged with driving under the influence (DUI) if she/he has symptoms of intoxication and blood-alcohol content (BAC) greater than 0.08 percent. A BAC of 0.08 percent can be obtained by consuming a little less than one (1) drink per hour. A driver will be charged with DUI if her/his BAC exceeds 0.08 percent. Additionally, Pennsylvania state law penalizes public drunkenness and defines it as: "A person is guilty of a summary offense if he/she appears in any public place manifestly under the influence of alcohol to the degree he/she may endanger himself/herself or other persons or property, or annoy persons in his/her vicinity."

Drugs

Both Federal and state laws impose sanctions for the possession, use, and distribution of illegal drugs. The sanctions for any given offense depend on the type and quantity of the drug involved and whether the offense is possession, use, or distribution. Under federal law, simple possession of a controlled substance carries a penalty of imprisonment for up to one (1) year, plus a minimum fine of \$1,000. If the controlled substance contains a cocaine base and the amount exceeds five (5) grams, the first-time offender will be imprisoned for not less than five (5) years and not more than twenty (20) years and fined. Also under federal law, any person 18 or more years old who distributes drugs to anyone under age 21 will be imprisoned or fined, or both, up to twice what is otherwise provided by law, with a minimum prison sentence of one (1) year. This same penalty applies to any person who distributes or possesses with intent to distribute drugs to anyone within 1,000 feet of a college campus. Pennsylvania law imposes similarly strict sanctions on the unlawful use, possession, and distribution of drugs. In addition to imposing fines and imprisonment for violation of its drug laws, Pennsylvania will seize all of the violator's property that was used in committing the crime.

State and Federal Sanctions

The following is a summary description of the legal sanctions under state and federal law for the unlawful possession or distribution of illicit drugs and alcohol.

State penalties and sanctions for illegal possession, sale, or delivery of a controlled substance:

- The Controlled Substance, Drug, Device and Cosmetic Act, 35 P.S. § 780-101 et seq. sets up five schedules of controlled substances based on potential for abuse, dangerousness, and medical uses. The act prohibits, among other things, the manufacture, distribution, sale, or acquisition by misrepresentation or forgery of controlled substances except in accordance with the act, as well as the knowing possession of controlled substances unlawfully acquired. Penalties for first-time violators of the act range from thirty (30) days imprisonment, a \$500 fine, or both, for possession or distribution of a small amount of marijuana or hashish, but which was not for sale, to fifteen (15) years imprisonment, a \$250,000 fine, or both, for the manufacture or delivery of a Schedule I or Schedule II narcotic.

Fines and terms of imprisonment may be doubled under certain circumstances, including the distribution of a controlled substance to a person under 18 years of age or a conviction for a second or subsequent offense.

- 18 Pa. C.S. §§ 6314, 6317. A person over 18 years of age who is convicted for violating the Controlled Substance, Drug, Device and Cosmetic Act shall be sentenced to a minimum of at least one (1) year total confinement if the delivery or possession with intent to deliver of the controlled substance was to a minor. If the offense is committed within 1,000 feet of the real property on which is located a public, private, or parochial school or a college or university or within 250 feet of the real property on which is located a recreation center or playground or on a school bus ("drug free school zones"), the person shall be sentenced to an additional minimum sentence of at least two (2) years total

confinement. Such offenses not involving minors in drug-free school zones are subject to a mandatory minimum of two (2) years of total confinement.

- The Pharmacy Act of 1961, 63 P.S. § 390-8 prohibits, among other things, procuring or attempting to procure drugs by fraud, deceit, misrepresentation, or subterfuge or by forgery or alteration of a prescription. The first offense is a misdemeanor, with a maximum penalty of one (1) year of imprisonment, a \$5,000 fine, or both. For each subsequent offense, the maximum penalty is three (3) years of imprisonment, a \$15,000 fine, or both.
- The Vehicle Code, 75 Pa. C.S. § 3802 et seq. prohibits driving, operating, or being in actual physical control of the movement of a vehicle while under the influence of alcohol or a controlled substance, or both, if the driver is thereby rendered incapable of safely driving, operating, or being in actual physical control of the movement of the vehicle or if the alcohol concentration in the individual's blood or breath exceeds the stated limits. Penalties for first-time violators of the act range from a mandatory term of six (6) months' probation, a \$300 fine, or both, to a maximum of seventy-two (72) hours' imprisonment, a \$5,000 fine, or both. Penalties for subsequent violations increase to a maximum of not less than one (1) year imprisonment, a \$10,000 fine, or both. In addition to the above penalties, the court has discretion to order any or all of the following: highway safety training, drug or alcohol treatment, community service, attendance at a victim-impact panel, use of an ignition interlock device, and/or suspension of operating privileges.

After one (1) prior drug conviction: at least fifteen (15) days' imprisonment, not to exceed two (2) years, and fine of at least \$2,500. After two (2) or more prior drug convictions: At least ninety (90) days' imprisonment, not to exceed three (3) years, and fine of at least \$5,000. The special sentencing provisions for possession of flunitrazepam (the "date rape drug") include imprisonment not to exceed three (3) years and fine of at least \$1,000.
- The special sentencing provisions for possession of a mixture or substance that contains a cocaine base (i.e., crack) are: a mandatory minimum of at least five (5) years' imprisonment, not to exceed twenty (20) years, and fine of at least \$1,000, if: (i) this is a first (1st) conviction and the amount possessed exceeds five (5) grams; (ii) this is a second (2nd) conviction and the amount possessed exceeds three (3) grams; or (iii) this is a third (3rd) or subsequent conviction and the amount possessed exceeds one (1) Gram.

In addition to the above penalties, the court has discretion, upon conviction, to order a fine in the amount of the reasonable costs of the investigation and prosecution of the offense.

- 21 U.S.C.S. §§ 853(a) and 881 (a). This statute allows for the forfeiture of personal and real property used, or intended to be used, to possess or to facilitate possession of a controlled substance if that offense is punishable by more than one (1) year of imprisonment (see special sentencing provisions above for cocaine-based drugs, such as crack). Additionally, this allows for the forfeiture of money, controlled substances, drug paraphernalia, firearms, books and records, vehicles, boats, aircraft or any other conveyance used, or intended to be used, to transport or facilitate the transportation, sale, receipt, possession, or concealment of a controlled substance or any raw materials, products, or equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, importing, or exporting any controlled substance.

If convicted of an offense involving the possession of a controlled substance: first (1st) offense, the student is ineligible for one (1) year; second (2nd) offense, the student is ineligible for two (2) years; third (3rd) offense, the student is ineligible indefinitely. If convicted of an offense involving the sale of a controlled substance, the penalty for the first (1st) offense is on ineligibility period of two (2) years; the penalty for a second (2nd) offense is ineligibility for on indefinite period.

Alcohol

State penalties and sanctions for illegal possession or other violations:

The Pennsylvania Liquor Code, 47 P.S. § 1-101 et seq., controls the possession and sale of alcoholic beverages within the commonwealth. The code (in conjunction with portions of the Pennsylvania statutes pertaining to crimes and offenses involving minors, 18 Pa. C.S.A. §6307 et seq.) provides as follows:

- It is a summary offense for a person under the age of 21 to attempt to purchase, consume, possess, or knowingly and intentionally transport any liquor or malt or brewed beverages.
