DISCLOSURES FOR LICENSURE AND CERTIFICATION PROGRAMS
EFFECTIVE DATE JULY 1, 2020

Student disclosure requirements related to licensure and certification programs outlined in The 2016 State Authorization Rule 34 CFR § 668.43(c) and 668.42(a)(5)(v) go into effect on July 1, 2020 and applies to all title IV eligible programs at institutions of higher education. Disclosure of licensure and certification programs must be made available at application so that more students can make informed enrollment decisions.

Licensure vs. Certification - The term "licensure" generally refers to an official process, administered by a state-level authority that is required by law in order for an individual to practice a regulated profession. The term "certification" generally refers to a function administered by a nongovernmental organization, which is intended to further recognize professional competence based on having met the quality standards of the organization. The prevalence and relevance of certification varies by profession. Licensure/certification programs at Penn Commercial that fall under these definitions are Commercial Driver's License, Cosmetology, Electrician, Esthetics, HVAC-R, Medical Assistant/Assisting and Practical Nursing.

Student Location - For each licensure/certification program as outlined below, information regarding whether completion of PC's program is sufficient to meet licensure or certification requirements based on student location (CFR § 600.9(c)(2)(ii)(iii). Student location is defined as the location of the students at the time of the initial enrollment and, if applicable, upon formal notification that the student location has changed to another state. Student location determination is based on historical data and will include Pennsylvania and West Virginia.

- ***Positive Determination*** – Institution has determined that its curriculum meets the state educational requirements for licensure or certification.
- ***Negative Determination*** - Institution has determined that its curriculum does not meet the state educational requirements for licensure or certification.
- ***No Determination*** – Institution has not made a determination that its curriculum meets the state educational requirements for licensure or certification.
